During the first year Mr. Barker was in business in Lindsay the firm of Kawarthia Motor Sales has been successful in securing a large number of new cars and trucks and fifty-five used models.

Mr. Barker's experience in the motor car industry has been wide and varied, having been sales representative, sales promotion manager and more lately, Pilot and Truck Manager for General Motors.

SERVICE THAT GIVES COMPLETE SATISFACTION, IS KEYNOTE AT KAWARTHA MOTOR SALES

THE integrity of a firm is its greatest asset, but behind this reputation must be something substantial in which the public can have confidence.

Realizing this Kawartha Motor Sales has slowly, but thoroughly during the past year, built the various departments of its organization into a smooth co-operative whole.

The building has an ideal situation on Kent St. West where there is every facility for prompt and courteous

service. The gas pumps are easy to drive up in, with special curb service for trucks, where the famous "Three Star" and "Eight" Imperial gasolines, which are of the highest standard, are dispensed by alert operators. Also Marvelol and Mobil oils and Castrol lubricants. "While You Wait" service is obtainable on the premises, which are of the highest standard, are equipped with a clean waiting room for ladies complete with service station.

This is only a small unit of this modern concern, and while not excelled, is indeed equaled by the type of service in the garage proper. Skilled mechanics, who have all been through the General Motors School of Mechanical Instruction, are not experimenting with the customer. Now, but are kept up to date in modern General Motors methods of service, by weekly bulletins. This is of great benefit to the mechanic, not only in working on General Motors cars, but on all makes. General Motors is a highly systematized company and is constantly discovering new and better ways of servicing cars.

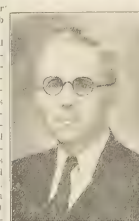

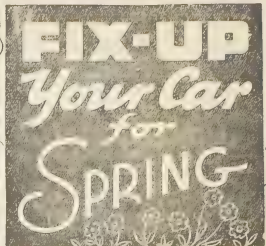

When in car distress it is a comfortable feeling to know that Kawartha Motors have a splendid service truck equipped with the most up-to-date crane in Lindsay and are prompt in answering calls.

All work is done on a first class lube and grease are furnished before the work is

started, so that the customer knows exactly what the job will cost when completed.

The following is a partial list of various services obtainable at this garage. Powder and body painting, radiator and body painting, radiator repair, batteries re-charged and repaired, tires and tubes repaired, upholstery cleaned, painting, stumping, brakes re-lined and adjusted, welding, complete overhauling (estimated given), storage facilities and cars called for and delivered. No job is too small, nor a repair job so large, that it does not receive expert attention and is efficiently carried out by this experienced staff.

Lindsay has streamlined the motor car's next a pump, a battery, a new battery, but better, not expensive-looking and less expensive, recently made it's own.

CLEANSE your Kidneys

—as well as your house

Just as your kidneys need special cleansing, so your house needs similar attention. It is a fact of your life—your house needs to be kept clean. Spring cleaning is not only a necessity, but it is also a pleasure. It is a time when you can get rid of the old and make room for the new. It is a time when you can get rid of the old and make room for the new. It is a time when you can get rid of the old and make room for the new.

They remove the toxins from your system, and they also cleanse your blood. They remove the toxins from your system, and they also cleanse your blood. They remove the toxins from your system, and they also cleanse your blood.

A portrait of them would be a cherished possession. Why not persuade them to have a new one taken now.

CARELESSNESS IS TOO COSTLY!

PASSING on a hill is just one form of haste... that craving to drive too fast... which is altogether too prevalent in Ontario.

The appalling number of motor accidents in this province makes a drastic check-up on reckless drivers. Public sentiment, speaking through the courts, will be increasingly severe towards unreasonable, thoughtless motorists.

You know what you should do. How you should drive. So, for your own safety and that of others, drive carefully!

IT IS BETTER TO BE SAFE... THAN SORRY
